Caledonian College holds National Day loyalty march

MUSCAT: In commemoration of 40th National Day of Oman, Caledonian College of Engineering conducted a grand march of loyalty and gratitude under the patronage of the wali of Seeb.

The march was to celebrate the joy of the astounding achievement made by the country. Under His Majesty’s leadership the Sultanate of Oman has evolved over a very short period in global terms into a country that is an international example of how economic, and social development can be successfully implemented, in a context of preservation and enhancement of cultural, tradition and heritage, peace, and the values of friendship, tolerance and respect.

These are indeed rare and unique qualities in our global environment. His Majesty’s visionary leadership is an example to all.

A key pillar in the development of this country is education, available to all irrespective of gender, background or circumstance.

The students and staff of Caledonian extend their heartfelt thanks to His Majesty.

“May Allah grant him long life so that his wisdom may continue to guide this country. On behalf of the students of Caledonian, we present our tribute to a great visionary leader of our time,” said a spokesperson on Caledonian College.
