Dear Friends

Throughout your professional experience, you will take many serious decisions that will impact upon your entire life. You are about to make the first and the most important of these decisions as the direction of your future life stems largely from where you studied and what you studied. By considering Caledonian College of Engineering you have already made one big step towards a bright future as we are the leaders of quality engineering education in Oman. So, let me start by saying congratulations for considering our college and we hope you will take the next step soon by applying for admission.

This prospectus is intended to help you understand why our college is a leader in the field of engineering education and to guide you in terms of which engineering programme to choose. You will find lots of information about each of our three engineering departments, about the programmes they offer, and about the supporting elements of life at Caledonian. These supporting elements include foundation studies, soft skill training, internship opportunities and student support services. After reading the prospectus, you should be able to make an educated decision based on a comparison of your interests, aptitude and the content of each programme.

If you need further advice about individual programmes, come and have a chat with us. Our expert admissions officers are trained to give you the information you need.

At Caledonian College of Engineering we offer the most relevant programmes, addressing the needs of industry and the economic development plans of our country. I can thus assure you that whatever programme you choose, you will find a rewarding career at the end of your studies, relevant to Oman and relevant to international future trends in your field. In choosing a programme, be guided by your passions and interests: whichever exciting and vital discipline of engineering you choose today represents the rewards of your life tomorrow!

Wishing you all the best and hoping to see you at Caledonian soon

Dr Ahmed Hassan Al Bulushi
Dean
